

**Table 1 - Feasibility Study List of Proposed Tables**

Portland Harbor Superfund Site

Portland, Oregon

Recommended Modified Outline	Proposed Table and 2014 FS Table Callout	Tables to be Developed/ Suggested Generator	Table Source (for existing figures)
1. Introduction	NA		
1.1 Purpose and Organization of Report	NA		
1.2 Background Information	NA		
1.2.1 Site Description	NA		
1.2.2 Site History	NA		
1.2.3 Nature and Extent of Contamination	Table 1.2-1: Summary Statistics for Contaminants Potentially Posing Unacceptable Risks in Surface and Subsurface Sediment		LWG FS Table 2.2-1
1.2.4 Contaminant Fate and Transport	NA		
1.2.5 Baseline Risk Assessment	Table 1.2-2: Chemicals Potentially Posing Unacceptable Risks for Human Health		LWG RI - Appendix F: BHHRA Table 1-1
	Table 1.2-3: COPCs Posing Potentially Unacceptable Ecological Risks within the Portland Harbor Study Area		LWG RI - Appendix G: BERA Executive Summary Table 1-2
	Table 1.2-4: Chemicals Identified as Most Likely to be Contaminants of Ecological Significance		LWG RI - Appendix G: BERA Executive Summary Table 1-3

February 7, 2014

Notes:
Table needs to be reduced to include only the contaminants in the bulleted list in this section.
